## ESG MANAGEMENT

**EFFICIENT & AUTOMATED**

*The software for your professional and reliable ESG management throughout the entire investment lifecycle*

## CENTRAL FUNCTIONS AT A GLANCE

---

You are an investor and need to make investment decisions based on ESG criteria?  
Or you are an investee, asset or risk manager and need to report on ESG-relevant data?

With WeSustain's "ESG Management Solution" you can rely on a versatile IT-infrastructure.

### **Planning & Controlling**

Plan, control and monitor your ESG-relevant processes and workflows with the help of an integrated team management. Consolidate your performance indicators using integrated ESG guidelines (e.g. SDG, PRI, TCFD).

### **Data Management**

Document, manage and monitor ESG indicators for all financial products such as funds and private equities in one central system. Validate and check your ESG-relevant data automatically for plausibility.

### **Analyses & Reporting**

Analyse and evaluate your ESG data in real time at company, product, portfolio and/or project level. Generate internal and external reports automatically and have your data audited via external access.

## YOUR ADVANTAGES

- ✔ Manage your ESG processes and data time and cost efficient
- ✔ Collect your data securely in one central system
- ✔ Collaborate and exchange data effectively
- ✔ Secure your ESG compliance through integrated standards & guidelines
- ✔ Improve your data quality through plausibility checks
- ✔ Evaluate your ESG portfolio through analysis and identify relevant measures

It has never been so easy to control your workflows, collect your ESG data securely and generate evaluations and reports automatically.

# WeSustain's software solutions for responsible corporate governance
