ENTERPRISE AUDIT MANAGEMENT

SYSTEMATIC & RELIABLE

*The software for a professional and reliable audit
management - to ensure your compliance with
external and internal standards*

CORE FUNCTIONS AT A GLANCE

Are you a quality, compliance or internal audit manager responsible for ensuring that your company's processes meet legal and industry requirements, guidelines and standards?

Or are you responsible for managing energy, environment, health and safety or sustainability topics and need to ensure compliance with ISO norms (e.g. ISO 14001, 50001, 45001 etc.) or standards within your company or along your supply chain ?

If so, WeSustain's "Enterprise Audit Management" solution is a smart, powerful and customisable software that can be adapted to your needs.

Planning & management

Plan, manage and document your internal and external audits reliably. Keep track of workflows, responsibilities, and data for each site or supplier with dashboards and integrated reminders. Create individual questionnaires and approvals for efficient audit processes.

Data management

Collect, organise and monitor audit-relevant targets and data in one central system. Secure historical data in a traceable manner and make it accessible at any time.

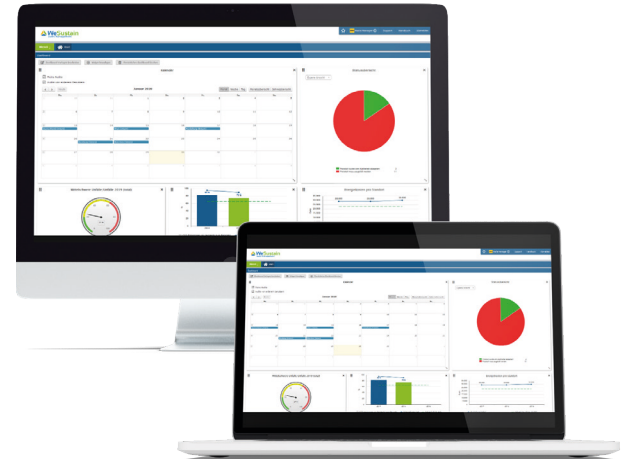

Evaluations & reporting

Evaluate your goals, measures and data faster and more easily per site or supplier. Generate internal/external audit reports in various formats (Word, Excel, PDF) with just a few clicks. Determine individual optimisation measures in a quick and easy way.

KEY BENEFITS

- ✓ Manage any of your audit processes **reliably and time and cost efficiently**
- ✓ Map your business processes **digitally and traceably**
- ✓ Collect your audit-relevant data in **one central system**
- ✓ **Collaborate transparently** with employees and external auditors
- ✓ Generate **individual audit questionnaires and reports** with just a few clicks
- ✓ **Control reliably** the implementation of **improvement potentials** identified in the audit
- ✓ Keep an eye on **all deadlines** at all times and **get ready for your next audit**

With WeSustain you can rely on a smart and sustainable quality assurance, from the planning and documentation of audits to the management of audit-relevant data and the efficient management of your individual measures.
